

*1st Joint Workshop on Cross Reality, ISMAR 2023*

# Exploring the use of **Mobile Devices** as a **Bridge for Cross -Reality Collaboration**

Rishi Vanukuru & Ellen Yi-Luen Do  
ATLAS Institute, University of Colorado Boulder, USA

HEY, LOOK WHAT I HAVE  
- NEW AR GLASSES!

COOL! CAN I TRY?

SURE, IN AN HOUR MAYBE,  
I WANT TO USE THEM FIRST.

OH, OKAY.

### Mobile AR User

Picks objects via on-screen virtual hand

### AR Glasses User

Picks objects via hand-tracking

Users place monuments at their correct location on the globe

# The Cross-Reality Playground

## View from AR Glasses

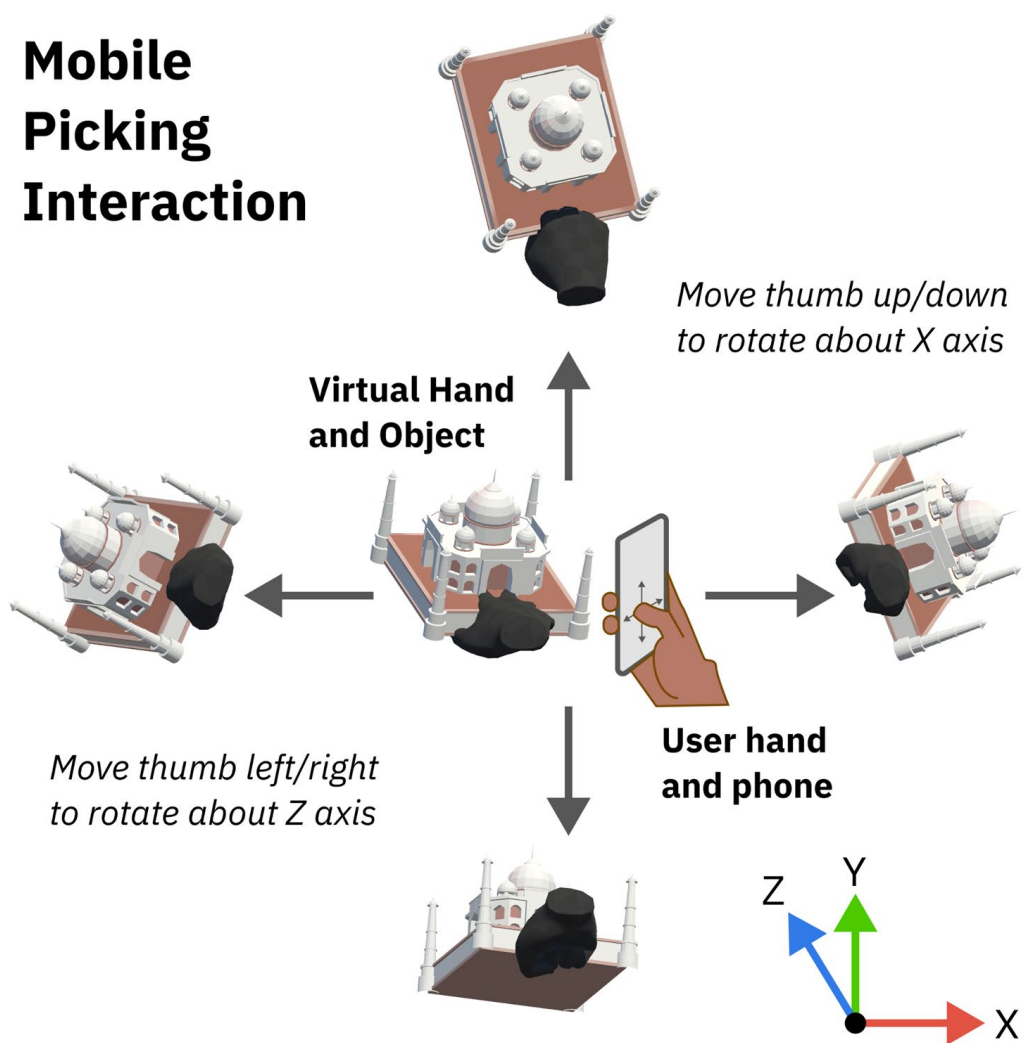

## View from Mobile AR

B

# Mobile Picking Interaction

50+ people

Two major demo days

Multiple in-lab sessions

## **Introduction to AR**

Ground HMDs in the present,  
elevate the opinion of Mobile AR.

## **New configurations for social interaction**

Families, children, grandparents ...

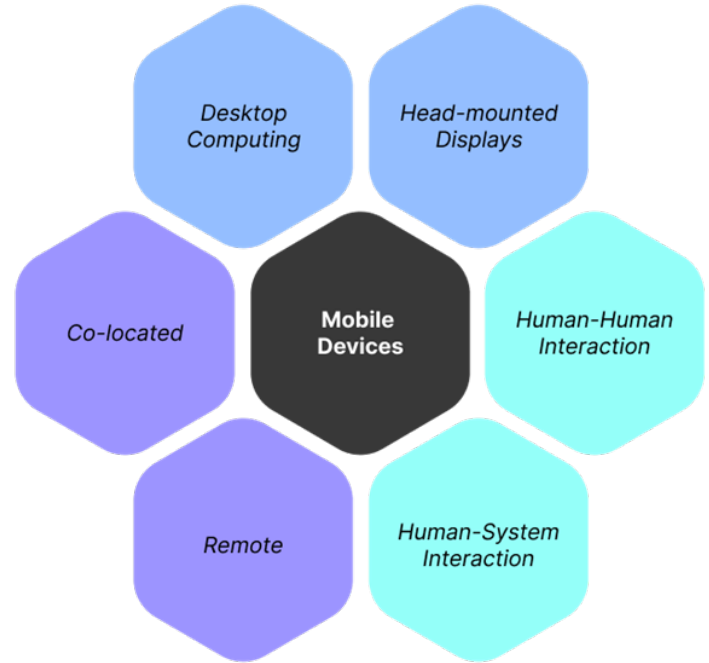

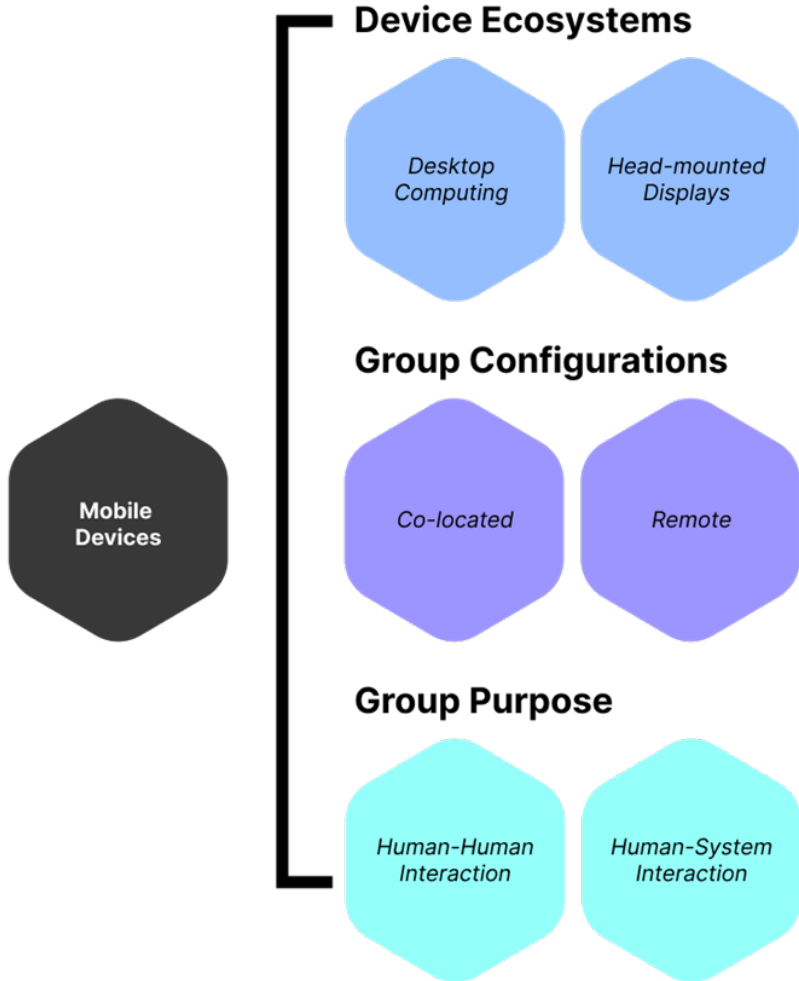

*Enable a wider range of users to imagine a future where  
spatial computing is more integrated into everyday life.*

# Mobile AR as a bridge

For Cross - Reality systems

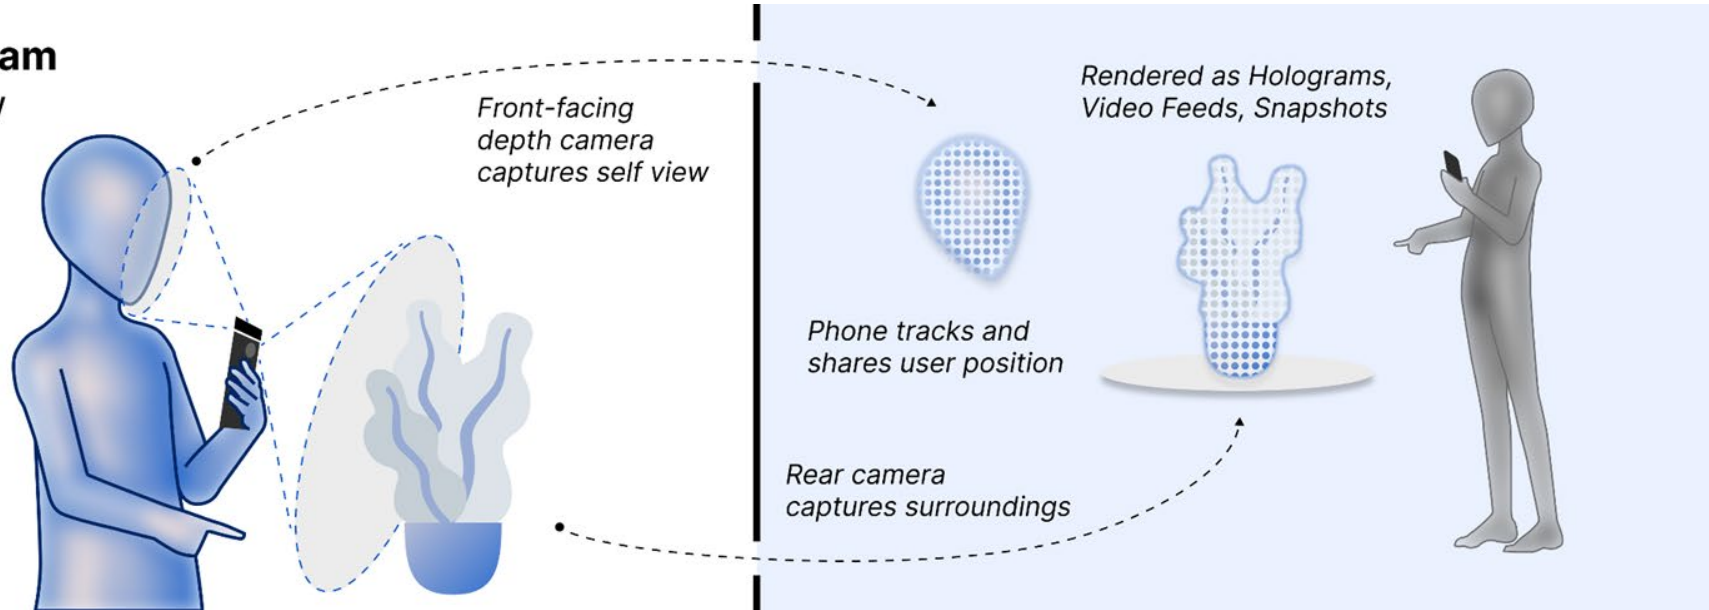

## DualStream Overview

### DualStream: Spatially Sharing Selves and Surroundings using Mobile Devices and Augmented Reality

*PS10 Remote Collaboration, Telepresence and Teleoperation  
Wednesday Morning, Leighton Hall*

# Mobile AR as a bridge

For Cross-Reality systems ->

Mobile AR - PC

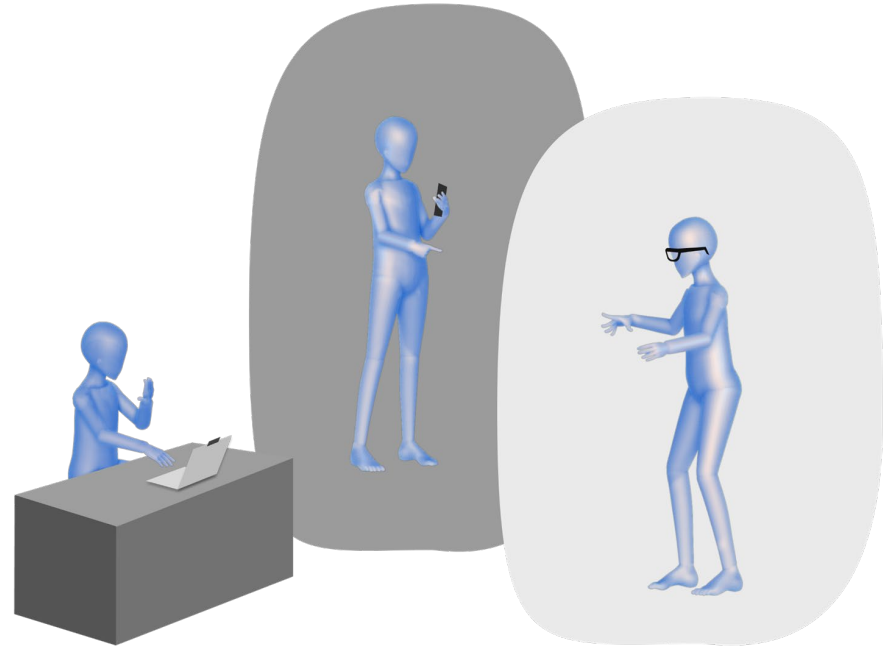

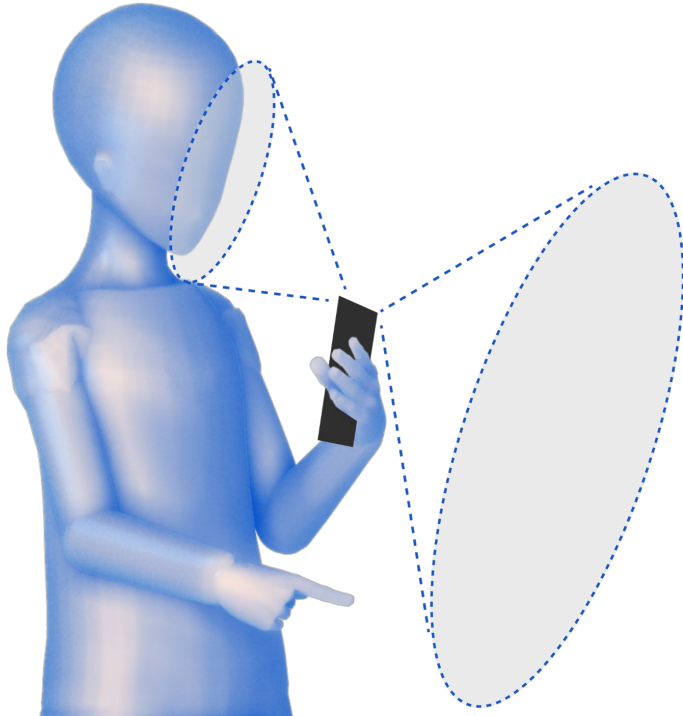

Mobile AR - VR

# Mobile AR as a bridge

Maximize the potential of mobile spatial computing ...

Mobile AR as a bridge between modalities, computing paradigms.

*1st Joint Workshop on Cross Reality, ISMAR 2023*

# Exploring the use of **Mobile Devices** as a **Bridge for Cross -Reality Collaboration**
